## FEAR FOR LIFE OF MISS STONE

Reports at Sofia Seem to Show That She Has Been Killed.

## A GLOOMY OUTLOOK

Not Believed That Any Communication With Her Has Been Established.

## WORK WITH BRIGANDS

Washington, D. C., Oct. 30.—The State department has been advised by its agents in Constantinople and Sofia that communication has been established with Miss Stone.

No intimations have reached the State department that Miss Stone is dead, as appears to be the impression in government circles at Sofia. The officials have no additional news to make public today regarding the case.

### Believe She Is Dead

St. Petersburg, Oct. 30.—In government circles at Sofia the impression appears to be that Miss Stone is dead. Mr. Dickenson is trying to learn definitely whether she is or not.

Constantinople, Oct. 30.—Spencer Eddy, secretary of the United States legation here, and W. W. Peet, treasurer of the American mission at Constantinople, had a long conference on the subject of Miss Stone today. The information from the missionaries who are near the brigand's retreat is far from satisfactory.

### At Work With Brigands

London, Oct. 30.—It is officially stated that the United legation in Constantinople has opened direct negotiations with Miss Stone's captors, "says a dispatch from Sofia to the Daily Telegraph. The Bulgarian government has allowed the celebrated Rito Closter (southwest of Samakov) to be searched and two suspected monks to be arrested."

Sofia, Bulgaria, Oct. 30.—United States Consul General Dickenson has left here for Samakov in order to be able to superintend more closely the measures being taken for the release of Miss Stone and her companion.

## HARBOR PORTS ARE WELL FORTIFIED

Annual Report of Chief Engineer Gillie Estimates \$20,000,000 Will Be Needed This Year.

Washington, D. C., Oct. 30.—Today was issued the annual report of Gen. Gillie, chief engineer. The report contains among other things the river and harbor estimates for the year ending June nineteen aggregating in round numbers twenty million dollars. Discussing fortifications Gillie declares today that he twenty-five principal harbor states have a sufficient number of heavy guns and mortars mounted to make an effective defense against a naval attack.

## METHODIST BOARD OF BISHOPS MEET

Plan a Great College in Oklahoma to Unite North and South Wing of the Church.

Cincinnati, Oct. 30.—The board of bishops of the Methodist Episcopal church, practically constituting the governing power of the church, convened here today. It is expected the board will ratify the proposition to establish a great Methodist college somewhere in Oklahoma, the entering wedge in an effort to bring together the north and south wings of the church, separated since the war by sectional difference.

Cleveland, Oct. 30.—The sixteenth biennial conference of the International board of Woman's and Young Women's Christian Association began here today. Delegates are present from all parts of the Union.

## GROWTH AND PROSPERITY OF THE STATE PRIVATE AND SAVINGS BANKS

### Enough Money on Individual Deposits to Give Every Person in the State a Little Over \$10.

Madison Wis., Oct. 30.—(Special)—Between December 13, 1900, and September 30, 1901, the increases are: Loans and discounts, \$4,006,371.64; due from banks, \$1,818,601.51; bonds, \$813,433.09; capital, \$234,287.59. Total increase in assets, \$6,403,286.80. The cash reserve is 27 per cent.

There are now 137 private and one savings banks in the state. Their total resources and liabilities aggregate \$74,726,472.60. The loans and discounts aggregate \$47,014.94. The surplus fund amounts to \$1,483,352.33, and the undivided profits to \$1,380,547.91.

In addition to the \$22,616,202.60 of individual deposits, the banks hold \$27,423,440.97 on certificates of deposit, and \$12,082,901.55 savings deposits, or over \$30 of the savings per capita, according to the last census.

Mrs. D. W. Chase, of Fond du Lac, formerly of Janesville is here visiting friends for a few days.

## W. R. C. CONVENTION MEETS AT MONROE

Over One Hundred Members from All Parts of This District Discuss Disbursement of Funds.

Monroe, Wis., Oct. 30.—The fifth district convention of the Woman's Relief Corps of Wisconsin met in the O. F. Pinney corps headquarters today. Over 100 members were present.

Nearly fifty visiting members were from Janesville Brodhead, Shullsburg and Beloit. Mrs. R. A. Eter presided at the sessions. Mrs. Ellen Wetherby of Shullsburg, state inspector, inspected the corps and said she was highly pleased with the exemplification of the work of the Monroe corps. Mrs. Emma Rolf of Brodhead was secretary of the convention.

Outside the regular routine the principal topic discussed was the disbursement of the general funds for charity outside of the order. Several of the corps have accumulated funds for which they seem to have no immediate use while others are using those accumulations for general charitable work in the community.

## CASTRO SAYS PEACE

Proclamation Has Been Made in Venezuela—His Troops Have Been Defeated.

New York Oct. 30.—This cable dispatch has been made public by Gonzales Esteves, the Venezuelan consul general here:

"Caracas, Oct. 29.—Internal peace has been proclaimed today. Castro." The last unofficial report from Venezuela was that General Castro's troops had been defeated by the insurgents.

A special cablegram received at the Venezuelan consulate announces the election of President Castro for a term of six years. Castro has been provisional president for one year.

## BOURKE COCKRAN WAS BADLY HURT

Famous Democratic Orator of New York, Thrown from His Horse at Sand Point, L. I.

New York, Oct. 30.—Bourke Cockran was severely injured yesterday by being thrown from his horse while riding about his place at Sand's Point, L. I. There was no witness to the accident. Mr. Cockran was riding a spirited horse and he was either thrown or the horse stumbled. When he was found he was unconscious on the ground and was suffering from bruises and a cut on the head, from which there was a considerable flow of blood. He was taken home and is being kept quiet. The attending physicians say Mr. Cockran suffered a severe concussion of the brain, but they have found no fracture of the skull. At the house this morning it was said that no serious result was looked for.

## RUNNING FIGHT WITH THE BOERS

London, Oct. 30.—Lord Kitchener reports that Colonel Byng captured two field cornets and twenty-two Boers and that Colonel Fortescue had a running fight with Muller's commando. The Boers in the latter fight lost four killed and fifty-four captured.

## MONSTER GLASS PLATE IS MADE

Kokomo Plant Finishes Single Piece Eighteen by Thirteen Feet, Weighing 1,300 Pounds.

Kokomo, Ind., Oct. 30.—The largest plate glass in the world was successfully finished at the Kokomo plant of the Pittsburgh Plate Glass company today. It weighed in the rough 2,500 pounds. When ground and polished the weight was 1,300 pounds. The plate is 18 feet 1 inch in length and 13 feet 1 inch in width. There is no difficulty in casting plates this size, but the problem is to prevent them falling to pieces of their own great weight.

## ACTIVE WAR HAS FINALLY ENDED; BETTER PHILIPPINE SITUATION

### Military to Establish Small Garrisons, But the Army Will Not Be Increased—Official Reports Show

There is No Occasion for Alarm.

Washington, D. C., Oct. 30.—At the meeting of the cabinet yesterday the situation in the Philippines was discussed, and it was decided that conditions in the islands are much better than had generally been supposed. The cabinet decided not to send any unusual reinforcements to the islands, thus putting an end to all the alarming stories which have been circulated for several weeks.

After the disaster at Samar many officers of the army seemed to have become panic stricken, and were disposed to rush in reinforcements, without any serious consideration of the situation.

Secretary Root presented to the cabinet a series of confidential reports from both the civil and military branches of the service in the Philippines, showing that there is no occasion for alarm and that the aim should be to reduce the number of troops rather than to increase them. The massacre in Samar is pointed out, and the company of infantry could not have

been destroyed had it been expecting an attack.

The reports of the officers in the islands say that sporadic revolts are to be expected at different points for a long time to come, but there is no extensive armed force in the field, in opposition to the authority of the United States. It is not contended that there are not the elements of rebellion always present in the island, and unceasing vigilance is necessary to keep down the discontented spirits.

According to the reports read by Secretary Root a large army in the Philippines would be simply an incubus. What is needed is to open up lines of communication throughout the islands. Small garrisons at important points can hold their own against any guerrilla force, so far as mere fighting is concerned.

It was explained by Secretary Root to the president and the cabinet that the problem in the Philippines is to equip a number of small garrisons and open up roads so that the pursuit of the guerrilla forces may become

## NEGROES FLEE TO THE BIG BRUSH; FEAR ATTEMPT AT EXTERMINATION

### Many Wounded in the Balltown, La., Battle, and Believed To Be Dying—Bodies of Those Killed in Fight Dumped Into Unmarked Graves.

Now Orleans, La., Oct. 30.—Peace has been restored at Balltown, Washington parish, where the deadly battle between the whites and negroes was fought on Sunday evening. The total number of the slain may never be known, as many blacks who were wounded fled to the brush, where it is certain that a number of them will die for want of medical attendance.

The hundreds of negroes who were assembled at Balltown for the camp meeting have scattered to their homes. Before the desperate struggle, which lasted half an hour was ended, the blacks were in panic. They packed what belongings they could and sought safety in flight.

Scores of negroes who lived in the town joined in the exodus, for it was feared that all were doomed.

For twenty-four hours it looked like a general uprising to wipe out the black race in Washington parish. The

## IOWA MOB FAILS TO GET A NEGRO

### NO SCORE MADE AT BELOIT YESTERDAY

Sioux City Jail Surrounded, But Police Arrest Leader and Disperse Crowd Without Trouble.

Sioux City, Ia., Oct. 30.—A committee of three men at ten o'clock last night waited on Chira Kregg, jailor, and demanded Jas. McGuire, the Kentucky negro imprisoned for attacking 16-year-old Ambrose Monahan. The jailer refused and the committee warned him that his negro would be taken by force.

An hour later a crowd of 1,000 men, led by J. W. Wilkinson, a steamfitter, who carried a rope, appeared at the jail. A detachment of police arrived a moment later, arrested Wilkinson and threw him into a cell near the negro.

The crowd bereft of its leader was quickly dispersed by the police and there was no more trouble.

## A BEAR ATTACKS HIS PROTECTOR

Animal Nearly Kills Man Who Would Release Him from Chain In Which He Is Entangled.

Upper Sandusky, O., Oct. 30.—An attempt to do an act of kindness to a tame bear nearly cost William Sheppard his life today. The animal had become entangled in its chain and the man tried to unfasten it. The bear, enraged by the struggle, turned on Sheppard and attacked him. The man was beaten to the ground, his right leg fractured, and both limbs were badly mangled. Men attracted by Sheppard's cries came to the rescue just in time to save his life.

## CONTRACT GIVEN TO SWIFT & CO.

Will Supply Wisconsin Institutions With Meat for the Next Three Months.

Madison Wis., Oct. 30.—(Special)—Swift & Co., Chicago, have been awarded the contract, by the state board of control, for supplying the state charitable and penal institutions with meat for the next three months.

The contract amounts to about \$4,500 per month. For prime native steers, weighing not less than 600 or more than 800 pounds, the price paid is \$6.23 per 100.

In addition to the \$22,616,202.60 of individual deposits, the banks hold \$27,423,440.97 on certificates of deposit, and \$12,082,901.55 savings deposits, or over \$30 of the savings per capita, according to the last census.

Mrs. D. W. Chase, of Fond du Lac, formerly of Janesville is here visiting friends for a few days.

## NORTH CAPE TOWN RULED BY MANIAC

Madman with a Gun Seeks to Kill Persons in a Small Place in Racine County.

Racine, Wis., Oct. 30.—A madman with a shotgun ruled the Town of North Cape, this county, for hours today. The citizens fled in terror when he began shooting in all directions, and they sought safety in cellars.

The man, Johann Johnson, is still at large and the sheriff and two deputies are seeking for him.

Johnson, who is a prosperous farmer, became violently insane this morning, and, taking his shotgun, he left the house, telling his wife he had discovered a plan to poison him, and that he would settle with his enemies.

He told a boy he met the names of two men he intended to kill. The men hid before Johnson reached town. Angered by his failure to find his intended victims, the maniac began firing promiscuously, and soon he had the streets to himself.

## PROTEST AGAINST A SUNDAY FAIR

Milwaukee Pastors Up in Arms Over the Movement to Open State Fair on the Sabbath.

Milwaukee, Wis., Oct. 30.—A movement to open the state fair next year on Sunday has stirred up the clergy of the city, and they have served notice that any such movement will be fought.

Rev. L. H. Kellar said today that the Sunday Rest Day association would carry the agitation against the opening to every part of the state. Rev. C. P. Marsden said that the state could not afford to open the fair on Sundays. In view of this threatened opposition, it is probable that the movement will not be pushed.

## BETTING ODDS ARE IN FAVOR OF LOW

Significant Election Prospects in the City of New York in Favor of Republicanism.

New York, Oct. 30.—The only significant thing in the political situation today was the change in the betting odds in favor of Low. Around the hotels and other places at which political betting is done a strong tendency was noticed on the part of the men who wanted to bet on Shepard to demand even money.

There was considerable activity among those who wanted to bet on Mr. Unger as district attorney. This has been said to be due to the fact that certain of the Tammany leaders in town are offering two votes for Low for one for Unger and seem to have a belief that they could do enough trading in this way to pull Mr. Unger through.

Election betting in Wall street was brisk, and, barring one bet at 10 to 8 and two thousand dollar bets at even money, the larger wagers were all at 10 to 9, while toward the close of the day the odds for small bets shortened with the result that many small even money bets were made. One bet of 2 to 1 against Jerome was made.

## GREECE IS SURE TO ANNEX CRETE

London, Oct. 30.—The Times today print a Constantinople dispatch which states that the Turkish ambassador at St. Petersburg has informed the Porte that the annexation of Crete by Greece is imminent and inevitable.

## LIPTON EXPECTS TO RACE ONCE MORE

Queenstown, Oct. 30.—Sir Thomas Lipton arrived here today aboard the liner Celtic. He said if possible he expected to race for the America's cup again next year. He denied the Shamrock II was for sale.

## BUFFALO BILL'S TRAIN IS WRECKED; 110 RING HORSES CRUSHED TO DEATH

"Old Pap," Col. Cody's Favorite Saddle Horse, Was Killed--Wild West Sustains Loss of \$60,000.

Charlotte, N. C., Oct. 30.—Colonel helpless and he crushed to death. His loss is about \$60,000, so far as a money consideration goes, but I feel more keenly the loss of the horses.

The train left at midnight for Danville, where the last show was to have been given prior to the shipment of the outfit to Bridgeport, Conn., for the winter. The train was moving in three sections. The second section was moving at a rate of twenty-five miles an hour when a southbound freight crashed into it. Both engines were demolished.

The scene of the wreck in the two cars immediately behind the engine was frightful. In these were the horses and here is where the bloody slaughter occurred. The two cars were merged into each other in a shapeless mass of

## HALLOWEEN HAS MYSTIC RITES; QUEER CUSTOMS THURSDAY NIGHT

Many Curious and Time-Honored Doings That Are Used by Lovers to Divine Future--Decorations To Be Used in Quaint Ceremonies.

Halloween is coming! Not that the initial of the name of the thrower's future spouse, it has been proved to be a true charm, too, for when Consuela Vanderbilt attended a Halloween party at Blenheim, several years before her marriage, she threw an apple paring, and it formed the letter "M." So there now!

**Sowing of Hemp Seed.**

Another charm which is also infallible, is for each member of the company to take a handful of hemp seed, and each taking a different route, so that he is unperceived by the others, to sow the seed, saying:

Hemp seed, I sow thee, Hemp seed, I sow thee, And him or her who is to be my true love Come after thee and pull thee.

These of the company who escape being "run in" by unsympathetic policemen will see by looking over their left shoulders their coming sweethearts "pouling" or pulling the seed. A charm which will necessitate much overhauling of forgotten religious lore is the throwing of a ball of yarn out of the window, holding on to the thread at one end then winding it and saying the Pater Noster backwards. At the end of the Pater Noster something will tug at the yarn, and if the question "Who holds?" is asked, the answer will be the name of the future husband or wife.

Taking a mirror in one hand and a lighted candle in the other, and walking down the cellar stairs backwards until the tester of the charm escapes getting her neck broken, bring into the mirror the face of her future husband.

If three cups, the first containing water, the second earth, and the third being empty, be set upon a table and a person be blindfolded and conducted to the cups, the one into which he puts his hand will accurately portray his future destiny. If it be the earth he will die within the year, while the water predicts a happy marriage. The empty cup means, however, that he will live and die unmarried...

**Pretty Bedtime Custom.**

A pretty custom which will appeal to the heart of every girl, is the twining of roses at bedtime. The girls of old England used to pluck the roses at the door after they said good night; but in this climate that is impossible, so it will be up to the favored swain to see that two American beauties are provided for his lady love's pleasure. From the time she receives the roses until she reaches her room she must not speak or the charm will be broken. After getting ready for bed she kneels down at the side of the bed, takes the roses and twines their stems together, mentally naming one for her lover and one for herself, and saying aloud:

Twine, twine and intertwine,  
Let my love be wholly mine.  
If his heart be kind and true  
Deepen your rose's hue.

If the young woman be the fortunate possessor of a true-hearted lover his rose will grow deeper in color before her eyes. The last charm of the evening is a never failing one, according to the people who have practiced it. If a silver be put in a glass of water and placed by the bedside, the tester of the charm will dream of falling from a bridge into the water. Just before she reaches the water, however, her future husband will jump in and rescue her, and she will see his face distinctly.—Milwaukee Sentinel.

### AMUSEMENT NOTES.

Joe W. Spears' comedians, headed by the original comedians, the two American Macs, and the dainty little comedienne, Mazie Trumbull, will present their latest Musical Extravaganza entitled "The Irish Pawnbrokers" at the Myers Grand on Thursday, Oct. 31. The skit is constructed solely for laughing purposes and abounds in ludicrous absurdities, songs, dances, concerted numbers, special scenery and novel light effects are furnished to make it especially attractive. In addition to the large cast there is a chorus of pretty girls in fetching costumes so that three hours of merriment is assured the lovers of hilarious farce. "The Irish Pawnbrokers" are drawn from real life, the original being a New York broker on the east side of town by the name of Levi Murphy.

Another sure test is for a young woman to put two nuts into the coals, naming each after some suitor. The one which snaps typifies the man who is unfaithful, while the one which burns steadily is the one which illustrates the lover who will make her an ideal husband. Carrying out the same idea as this is the custom of putting two cut apple seeds upon the eyelid, and then waiting to see which one drops off first. The one which remains is, of course, the faithful lover.

Of course everybody knows about the throwing of an apple paring over one's shoulder which will surely form

### CONCERT PLEASED A LARGE AUDIENCE

Splendid Opening of the Y. M. C. A. Lecture Course in the Auditorium Last Evening.

The C. M. Parker Concert company opened the Y. M. C. A. course last evening with very pleasing concert. A large and appreciative audience was assembled in the auditorium of the association building and everyone seemed well pleased with the evening's entertainment.

The concert was not a brilliant affair but it was what might truly be called comfortable and altogether pleasant. The program included several novelties which were a welcome change from the stereotyped concert program. One of the chief charms of the program was the fact that it did not become tiresome from being too long, a fault that is altogether too common in these times when people attend so many entertainments.

Miss Juanita Boynton was the favorite with the audience and she is one of the few reciters who have ever come to this city who was entitled to the favor of her hearers. Miss Boynton has a pleasing voice and a graceful manner and while her impersonations were not always well and distinctly carried, she recited intelligently and naturally. She gave three numbers, the first a dramatic selection from "In the Palace of the King," the second a series of statue posings and the third a song story, "Rock Me to Sleep, Mother" with piano accompaniment and a chorus sung by the other members of the company. Each number was encored, the last one three times. For an encore to the statue posings, Miss Boynton illustrated by poses "Comin' Thro' the Rye" which was sung from behind the scenes.

Miss Martha Alexander, the violinist is also unusually talented and her violin solo, "13th Concerto" by De Beriot was the most delightful number on the program. She played with delicacy and feeling and the result was melodious and pleasing. Miss Isabel Verne, the soprano soloist, also found high favor with her audience. She has a powerful and well trained voice and sings easily and sweetly and after singing "Alla Stella Confidente," Robandi, was compelled to respond to an encore.

Mr. Carroll is also a member of Janesville Lodge No. 254, Brotherhood of Elks and he had been summoned to attend a meeting last evening but the Elks are not particular about holding their meetings very early in the evening so Mr. Carroll was able to join his brother Elks after the card party. The meeting was purely a social one, evidently planned for the purpose of giving Mr. Carroll some pleasant memories and some more material remembrances of Janesville to take with him to his new home.

W. G. Wheeler, exalted ruler of the local doge, was the spokesman of the evening and in behalf of John F. Sweeney, he presented Mr. Carroll with a handsome gold watch and chain. The gift will be highly prized by its owner for its intrinsic value and because it is a token of appreciation and friendship of the gentleman whom it has been his pleasure to serve as an employee for several years.

Mr. Wheeler also presented Mr. Carroll with a magnificent Elk's tooth charm, gold mounted and attached to a gold shield bearing an inscription which told that the charm was a gift to E. J. Carroll from the members of the local lodge. Mr. Wheeler made the presentations most happily and in humorous style and Mr. Carroll responded briefly expressing his thanks as well as surprise and emotion would permit him. After the presentations, elegant refreshments were served and the members of the lodge held veritable love feast before adjourning.

**Deafness Cannot Be Cured**

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a running nose or impaired hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Pine cones out of ten are caused by earache, which is nothing but an inflamed condition.

We will give One Hundred Dollars for any case of Deafness (caused by earache) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

**A Civil Action**

A civil action was begun in the municipal court yesterday by D. K. Jeffris and Fred Jeffris vs. the Illinois Electric company for the recovery of \$524.19 claimed by the plaintiffs to be due them for cross arms to telegraph and telephone poles sold and delivered to the defendants.

The defendants claim that they refused to accept the cross arms because they were unsatisfactory and they further file a counter claim for \$300 damages, incurred in extra expense of procuring other and more satisfactory goods, and for \$46.87 due on incandescent lights which the defendants assert that they sold the plaintiffs and never received their pay. M. O. Mouat, of the firm of Fethers, Jeffris & Mouat, appeared for the plaintiffs and W. G. Wheeler for the defendants. After a part of the testimony was taken the case was adjourned until Nov. 5 at ten o'clock.

Unquestionably the success of the current theatrical season has been

Shipman Brothers' magnificent scenic production of "Pud'nhead Wilson." This play has been presented for the most part in the larger cities only, and the capacity of each and every house has been taxed at every performance. The press and the theater going public are unanimous in their praise of the production. It is as perfect a theatrical offering as can possibly be made. The cast interpreting the various parts includes some of the best known artists in the land.

The company is booked for one night in this city in the near future and it will easily be the choicest theatrical offering of the year and one which should draw well from all classes of society.

### FAREWELL FOR MR. AND MRS. CARROLL

Well Known Janesville Man Has Accepted a Position in Hotel Julien at Dubuque, Iowa.

Mr. and Mrs. E. J. Carroll and son will leave tomorrow for their new home in Dubuque, Iowa, where Mr. Carroll has accepted the position of head clerk in the Hotel Julien. The hotel is one of the largest in that section of the country and Mr. Carroll's position is a very fine one, having supervision of a force of four clerks. While the many people who have become accustomed to enjoy his general courtesy at the Grand Hotel will regret sincerely his departure from this city, all are united in a feeling of pleasure that such a merited promotion has come to Mr. Carroll.

The concert was not a brilliant affair but it was what might truly be called comfortable and altogether pleasant. The program included several novelties which were a welcome change from the stereotyped concert program. One of the chief charms of the program was the fact that it did not become tiresome from being too long, a fault that is altogether too common in these times when people attend so many entertainments.

Socially also Mr. Carroll and his wife will be greatly missed. Mrs. Carroll has been especially prominent in the musical circles of the city and her pure and well cultivated soprano voice has given pleasure to many people and has been a great addition to many programs. Her loss will be felt distinctly in the Musical-Literary society.

Among other social ties formed by Mr. and Mrs. E. J. Carroll since their residence in this city was membership in the Nonne Club. Last evening Mr. and Mrs. E. C. Bailey entertained the members of the club at their pleasant home, 256 South Bluff street. It was a farewell for Mr. and Mrs. Carroll but the forty guests assembled did not permit their sorrow over the approaching party to mar the pleasure of their last evening together. An elaborate supper was served at 7 o'clock after which the evening was pleasantly spent in playing cards.

Mr. Carroll is also a member of Janesville Lodge No. 254, Brotherhood of Elks and he had been summoned to attend a meeting last evening but the Elks are not particular about holding their meetings very early in the evening so Mr. Carroll was able to join his brother Elks after the card party.

The meeting was purely a social one, evidently planned for the purpose of giving Mr. Carroll some pleasant memories and some more material remembrances of Janesville to take with him to his new home.

W. G. Wheeler, exalted ruler of the local doge, was the spokesman of the evening and in behalf of John F. Sweeney, he presented Mr. Carroll with a handsome gold watch and chain.

The gift will be highly prized by its owner for its intrinsic value

and because it is a token of appreciation and friendship of the gentleman whom it has been his pleasure to serve as an employee for several years.

Mr. Wheeler also presented Mr. Carroll with a magnificent Elk's tooth charm, gold mounted and attached to a gold shield bearing an inscription which told that the charm was a gift to E. J. Carroll from the members of the local lodge.

Mr. Wheeler made the presentations most happily and in humorous style and Mr. Carroll responded briefly expressing his thanks as well as surprise and emotion would permit him.

After the presentations, elegant refreshments were served and the members of the lodge held veritable love feast before adjourning.

## M'KINLEY MEMORIAL OFFERING

The following is the form of sub-

scription blanks sent out by the Na-

tional Memorial association.

The undersigned, residents of \_\_\_\_\_, State of Wisconsin, hereby subscribe the sum set opposite our names for the purpose of erecting a suitable memorial to the memory of our late lamented president, William McKinley, in accordance with the plans of the McKinley National Memorial association which contemplates a monu-

ment at Canton, and a suitable mem-

orial at Washington.

## CLEAN CITY GOVERNMENT.

The contest just now going on in New York city between the law abiding element and Tammany, is suggestive. Large municipalities have long since discovered that pure city government is only attained at the sacrifice of politics and while it is always a difficult proposition to establish an era of reform, by ignoring party lines, yet it is frequently done.

The public cry is so inviting, and it is so easy, to spend public money that corruption is fostered and encouraged, until it reaches a point where forbearance is no longer a virtue, and righteous indignation demands a halt.

Wisconsin statesmen were good enough for presidential counsel; they were ignored in gubernatorial coun-

cils.

## PROFESSOR POWERS' HUMANITY.

H. H. Powers, professor of sociology at Cornell University, is said to have "startled" his class in political science yesterday by making the following statement:

"I am strongly in favor of killing off the weak in society for the benefit of the strong. Kill off the feeble-minded and those who are a burden to the rest of society as you would kill off so many rattlesnakes," not because we hate them but because they are troublesome to have around.

I believe the time will come when society will see the benefit of exterminating the weak by artificial means."

If the professor has been correctly reported—and it is credible that he has, since several others who ought to know better have advanced similar repugnant and inhumane views—then Cornell might with great benefit to itself and its students create a vacancy in its chair of sociology. No wonder the class was startled.

It would be difficult to find a dozen

men who are usually good citizens, but many of them are destitute of practical knowledge, selected because of their popularity and political pull.

There is no salary connected with the job, or anything else that would induce an honest busy man to make the sacrifice, except the political prestige that may be furnished for future ambition. The fight to be nominated and elected is an unseemly contest, and as a result, many good men refuse office and cities suffer in consequence.

It would be better for Janesville and all other inland cities if politics were ignored and a citizens' ticket elected.

Good city government is not only important to the welfare of the city, but it is of vital importance to the interests of every tax payer. It should command the best business and professional talent that the city can produce, and this can only be done at the sacrifice of politics.

With a non-partisan council every

member of that important body would be an independent citizen, working not for political and individual success, but for the best interests of the city. Under these conditions, questions of public improvements would be intelligently handled, and every dollar invested would represent a wise and permanent outlay.

Streets would not be graded and macadamized with poor material to be torn up in a year or two for sewerage. Lighting and other contracts would be let to the lowest responsible bidder, and the business of the city would be conducted on the same honest basis that governs private enterprises.

Franchises would be scanned more closely, and the rights of the people fully protected.

Baraboo has just gone through an experience of typhoid fever as the result of carelessness that should be classed as criminal on the part of weak and inefficient council in making a loose water supply contract.

Oshkosh is having a world of trouble on the same account and all because politics governed.

The Gazette believes that Janesville should inaugurate an era of reform.

The city is a goodly city. It is the pride of an intelligent constituency that delight to call it home.

Nature has richly endowed it and intelligent non-partisan government can improve it until it becomes a garden of beauty and comfort. If the tax payers are willing to sacrifice politics in the interests of a government that means money saved by wise expenditure the city would take a forward stride that would surprise the skeptical, and benefit every citizen.

The paper invites correspondence on the subject and will be pleased to publish communications for or against.

## NEW YORK CITY CAMPAIGN.

The campaign in New York City is the most remarkable in some respects of any on record: Under Tammany rule the administration has become so corrupt, that the better element, regardless of party, united, with a determination to elect a mayor, and establish a city government that

would be clean and wholesome.

Seth Lowe, president of the Colum-

bia University, a man of spotless character, and great ability, was selected to head the ticket. Mr. Lowe resigned from the presidency of the college with which he has been connected for twelve years, feeling that he could serve the city, if elected, and accomplish much needed reform, in the larger field of action.

He declared his intentions fearlessly, making reform the one and only issue. He stated that if elected, he would renovate the city hall, and police department, and attempt to furnish an honest administration.

Mr. Lowe's support was so strong and vigorous, that Tammany became alarmed, and after much consultation the gang decided to checkmate the movement by placing on their ticket at the head, Mr. Shepard, a man of pure moral character, with unblemished reputation, and in every respect the equal of Seth Lowe.

And so these two men, the one backed by the law abiding element of the city, and the other by Tammany, have conducted a vigorous campaign. Politics has scarcely been mentioned, as neither of them are politicians! Results are in doubt. If Mr. Shepard is elected he will be indebted to the worst element in the city, and however good may be his intentions, or however strong his purposes, he will be badly handicapped. If Mr. Lowe succeeds he will have back of him a constituency that will furnish moral and substantial support. The outcome will be watched with interest.

La Crosse Republican and Leader: Wisconsin statesmen were good enough for presidential counsel; they were ignored in gubernatorial coun-

cils.

Madison Journal: The Fox farm, since the governor's rejuvenation there, should be worth more per acre. It got enough advertising. And the villagers ought to boom Oregon as a health resort.

If Gov. La Follette should call a special session of the legislature, as it is intimated he intends to do, he probably expects to put a majority of the law making body "in hole." A majority of them are known to have aligned themselves with the new Republican league, and according to the La Follette organs that has no purpose except to give the state over to corporation management. Isn't that the same "hole" that the governor has in his mind's eye, or does he see double?

Partly Explains It.

"How unfair! It seems that the poor, who cannot afford nursesmaids, are the ones who have so many children."

"And, on the other hand, how easy

it is of explanation. If they didn't

have so many children they might be

able to afford the nursesmaids."

Didn't Lie About the Cures.

Sunday School Teachers to Meet

There will be a pleasant gathering in the Congregational church parlors this evening, the occasion being a Bible school teachers' tea and conference. At six o'clock the teachers in the Congregational Bible school will enjoy a picnic supper together after which they will spend some time in an informal discussion of Sunday school work and methods. Rev. Robert C. Denison and H. J. Cunningham, superintendent of the school, have some plans to suggest to the teachers.

Mrs. David W. Holmes and Mrs. Frank H. Farnsworth have charge of the supper.

Two Ladies' Teas

Two ladies' teas will be given at the home of Mr. and Mrs. Victor P. Richardson, 101 St. Lawrence place, next week, invitations being out for both events. The first one will be Wednesday evening, November 6, at which time tea will be served at five o'clock and the hostesses will be Mrs. Austin E. Burpee and Mrs. Victor P. Richardson.

At the second tea, given

Saturday evening, November 9, at

six o'clock, Miss Richardson will be associated with Mrs. Richardson in entertaining.

## BADGERS EAGER TO AID MEMORIAL

Trustee Payne Says the McKinley Fund is Progressing Rapidly

in State of Wisconsin.

Milwaukee Oct. 30.—Department commander Allan H. De Groff issued a general order to Grand Army posts in Wisconsin Monday calling attention to the McKinley memorial fund, and asking that contributions be forwarded to the department headquarters.

"This is a part of a general movement in the Grand Army all over the country," said a member of the order yesterday, "which will realize about \$200,000 if the Grand Army members and kindred organizations give 25 cents each."

That the McKinley memorial project will receive attention is manifested by the many responses received by the National Trustee Henry C. Payne. Numbers of offers to aid in any way desired came from various parts of the state before the county committee lists were announced.

"The newspapers and business men are taking hold of the matter regardless of any thought of party leaning," said Mr. Payne yesterday. "A Democratic county paper of the state wrote me offering to take charge of the memorial movement in its county, not then knowing just what plans were under way for a committee to look after the movement.

When asked as to the probable procedure of the county committees, Mr. Payne said he did not know, what plans would be adopted. "The various committees of the state will conduct the machinery for the memorial collection as they see fit. They have full control and will make their own regulations, appoint their officers and also select new members if they so desire."

## MYERS GRAND OPERA HOUSE

PETER L. MYERS, MANAGER.

FROM \$18,000,000  
TO \$40,000,000

VALUATION OF ROCK COUNTY  
HAS MORE THAN DOUBLED.

Increase Was Made Necessary Owing  
to the Fact That the Law Requires  
Full Value Assessment—Board of  
Equalization in Session at Court  
House.

The equalization committee, which  
met at the county clerk's office, yes-  
terday afternoon, made some impor-  
tant changes in the valuation of the  
property in this county. For several  
years the valuation has been placed  
at \$18,000,000 but this year it has  
been increased to \$40,000,000.

This increase was made necessary  
largely by the fact that the law now  
requires property to be valued at its  
full value and does not imply an in-  
crease or decrease in taxes.

In making the revision, however, the com-  
mittee took occasion to equalize the  
taxes quite systematically and the re-  
sult was that in several instances the  
valuation was more than doubled.

The report of the equalization com-  
mittee will be presented to the Rock  
County board of supervisors at their  
next meeting and will be acted on  
at that time. Below is given the  
substance of the committee's report  
and also the corresponding table of  
valuations for last year, which is pub-  
lished in order that those interested  
may see exactly what changes the  
committee has deemed it wise to make.

## JUNIOR CLASS IS TO PRESENT A PLAY

The High school Junior class will present a class play this year, following a custom which was established here about seven years ago, but which has been discontinued for the past two years. Nothing definite has been decided upon beyond the fact that the play is to be given about Easter time, that it is not to be a Shakespearean production but something lighter and that only students who have no back work and are showing themselves equal to their Junior studies are to be permitted to take part in the play.

Ever since the opening of the present term of school the Juniors have been discussing the plan of having a class play toward the end of the year and the class finally voted to give a play, provided Supt H. C. Buell's consent could be secured. Supt Buell was called into the conference and agreed to the plan with the stipulation that no one who was behind in studies could take part. This was quite a surprise to the Juniors but a canvass of the class has revealed enough eligible students to assure the success of the undertaking. It has therefore been definitely decided to give the play.

Heretofore the Junior class' plays have been given in connection with the commencement exercises but it seems a wise change to set the date at Easter time when there is not so much going on in school circles.

## LUTHERANS MEET AT FOND DU LAC

General Conference of Evangelical  
Synod of Several States in Ses-  
sion—100 Ministers Present.

Fond du Lac, Wis., Oct. 26.—The general conference of the Evangelical Lutheran synod of Wisconsin and neighboring states opened yesterday morning at St. Peter's church. There were one hundred ministers present from various places in Wisconsin, Michigan, Illinois and a number of others are expected before evening.

At the first meeting doctrinal questions were discussed. In the afternoon papers relating to the practical work of the clergy were read. The meetings will be held every morning and afternoon and the synod will come to a close tomorrow. There will be a public service tomorrow evening at which the sermon will be preached by one of the visiting clergy.

A special feature of the proceedings will be the discussion of the matter of "kirchen visitation," relating particularly to the duties of pastors in district visiting.

Twilight Club Meeting  
The topic for the next Twilight club meeting will be Labor and Capital, and Leader S. B. Buckmaster has appointed the topic into six subdivisions, the following being the main partitions of the main subject as they will be considered:

General consideration of the sub-  
ject of Labor and Capital.

Monopolies and Trusts.

Strikes—Arbitration.

The Economic Views of Henry

George.

Profit Sharing and Co-operation.

General Discussion.

the next day Speich was gone. His  
creditors have since attached his stock  
of cheese in his store here which is  
worth about \$2,000. It is claimed  
that he owes farmers and others from  
whom he has purchased cheese in the  
neighborhood of \$4,000, if not more.  
He has been shaky financially for  
some time.

He came here from Oxford about  
five years ago and has been doing a  
large business. His family lives here  
but will not tell of his whereabouts if  
they know.

There was a pretty wedding at the  
home of Mr. and Mrs. Wellington  
Johnson, 167 Pearl street, this after-  
noon at two o'clock, the bride being  
Miss Elizabeth Johnson, daughter of  
the host and hostess, while the groom  
was G. C. Zachow of Milwaukee. The  
ceremony which united them in the  
mystic bonds of matrimony was sol-  
emnized by the Rev. Father W. A.  
Goebel in the presence of about thirty  
relatives and intimate friends.

The parlors were handsomely and  
elaborately decorated, green and red  
being the color scheme followed.  
American beauty roses, carnations,  
smilax and autumn leaves were used  
profusely and with artistic effect. The  
bride was becomingly gowned in white  
and there were no bridal attendants.

Vitality, nerves like steel, clear eyes, active brain, strength, health and happiness comes to those who take Rocky Mountain Tea, made by Madison Medicine Co. 35c. Smith's Pharmacy.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. does, and is the only medicine that can reach deepest, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

"A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to increase in size, and I had to cut it off with a sharp scalpel, but would not heal. This continued for sometime, when my jaw began to swell, becoming very painful, and I could not eat or sleep, until it was as large as a half dollar, when I heard of S. S. and determined to give it a fair trial, and it was remarkable how quickly it disappeared.

"I had from the very beginning; these sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good."—Mrs. E. Shirer, La Plata, Mo.

This is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.

## EXCHANGED SOLEMN VOWS OF MARRIAGE

Miss Grace H. Mead and Dr. Charles Devereaux Wedded Last Evening by Rev. Robert C. Denison.

Miss Grace H. Mead and Dr. Charles C. Devereaux stood before the marriage altar last evening and exchanged those beautiful and solemn vows, tokens of the fact that they had chosen each other out of all the world to be life's closest companion, the sharer of all joys and sorrows. This exchange of vows was sanctified by the Rev. Robert C. Denison, pastor of the Congregational church, who pronounced the young people man and wife.

The wedding was a very pretty and unpretentious one, being held at the home of the bride's parents, Mr. and Mrs. J. N. Mead, 176 Terrace street. Only the immediate relatives and a very few intimate friends witnessed the ceremony which was solemnized at 8 o'clock. The parlors were prettily decorated with potted plants and cut flowers. After the ceremony and congratulations an elegant wedding supper was served.

The bride is the only daughter of Mr. and Mrs. J. N. Mead and is an accomplished young young lady who has many friends. She possesses a sweet contralto voice and is a member of the Congregational church choir. The groom is one of the city's foremost dentists and is ambitious and enterprising as well as genial socially. He has recently built a new house at 175 Terrace street, just opposite the home of the bride's parents, and everything is in readiness for the happy young couple when they return from their wedding trip. Dr. and Mrs. Devereaux left last night on the midnight train and are expected home on Friday or Saturday. They will be at home to their friends after Nov. 15.

### Ten Cent Story Book

The November number of 10 Story Book is out and, perhaps, the sincerest compliment that can be paid it is that it is fully up to the standard of the October number both as regards the names of the contributors and strength of the stories. Among the authors are Israel Zangwill, the famous author of the "Children of the Ghetto," Henry Tyrrell, editor of Judge; Gertrude Potter Daniels, author of "The Warrens"; Elizabeth M. Gilmer (Dorothy), Martha McCullough Williams, Sara Beaumont Kennedy, Julia Truit Bishop and Ella W. Peattie. All that need be added is that the stories are worthy the fame of these authors, worthy the fame of these authors.

Miss Margaret Salisbury after years of study of different methods, has been very successful in selecting the best means of bringing about sure and quick results. There are great many musicians who every day are handicapped by their ability to read quickly and accurately and are trusting to time and luck for their advancement in that line. Miss Salisbury, 521 Fine Arts Building is organizing classes for the work and I find many of the teachers recommending their pupils to take up the work.—Musical Leader. Miss Salisbury has many friends in Janeville, who will be pleased to learn of her prosperity.

**Wants a Wife Who Can Cook.**  
"I am in need of a wife. Ain't particular about her looks or religion long she's about 30 and can cook a good square meal."

William H. Smith, a 50-year-old widower, of Garnerville, Rockland county, N. Y., advertises in the village paper to this effect, and further says he wants one quick.

"Wasted time enough, a' ready," said Smith last night. "Get to mend socks, take care off my three young stars, and can't seem ter catch onto the cookin' arrangements. Do want a piece of old home-made jelly cake."

"Say, you don't think I'm so bad lookin', do yer; and I'm willin' to prove well and carry the coal and water."

Mrs. J. F. Sweeney returned home last evening from Buffalo.

## From Infancy To Age

**Laxakola for Babies.**—It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gives or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it." BEST because its tonic properties are so good and so strengthening that it keeps the little ones in fine, hearty condition.

It is a dangerous thing to give little babies violent cathartics that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable.

**Laxakola for Young Girls** on the threshold of womanhood, has been found invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, and their systems generally run down, they need building up, and their blood needs cleansing. Give them Laxakola, its gentle bowel action to cleanse and its tonic properties to build up the system, will show immediate and most beneficial results.

**Laxakola for Mothers.**—It is particularly valuable and useful to women, especially mothers, as it is a gentle and safe remedy to use during all conditions of health whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, while to nursing mothers, worn out with the care of infants and whose systems therefore are particularly susceptible to disease Laxakola particularly appeals.

It clears the complexion, brightens the eye, sharpens the appetite, removes muzzy and blotched condition of skin and cures sick headache to a certainty by removing the cause.

To women suffering from chronic constipation, headaches, biliousness, dizziness, callousness of the skin and dyspepsia, Laxakola will invariably bring relief.

**Laxakola for Old Folks.**—In the Autumn and Winter of Life, when the various organs through long years of action have become more or less sluggish, it becomes necessary to stimulate them by some remedy best adapted to that purpose. That Laxakola is such, has been proved beyond all question. Its gentle warming, soothing action on the bowels, liver and kidneys, stimulates them to increased activity, cleanses the blood, quickens the circulation, and puts the whole system in a condition of health and enables it to ward off disease, while its tonic properties tone up the system and keep it healthy.

Laxakola is not only the most efficient of family remedies, but the most economical because it contains two medicines for one price, tonic and laxative. No other remedy gives as much for the money. All druggists, etc., and 50c, or free sample of The LAXAKOLA CO., 132 Nassau St., N. Y., or 356 Dearborn St., Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

## A SOUR STOMACH. Is Often the Real Cause of a Sour Temper.

That the condition of the digestive organs has a marked effect on the character or disposition is a truism as old as the hills. Old Ben Johnson wisely said, "the pleasure of living depends upon the liver," and it is a fact which none may dispute that a sunny disposition more often results from a healthy digestion than from any other cause.

Acid dyspepsia, commonly called sour stomach or heartburn, is caused by slow digestion of food; instead of being promptly digested and converted into blood, bone and muscle, it lies in the stomach for hours, fermenting and decaying, creating gases which cause pressure on the lungs and heart, short breath and general discomfort and irritation.

Such half digested food is indeed poor nourishment for the body, brain and nerves and the result is shown in irritable tempers, unaccountable headaches and that depressing condition usually called the "blues," but how quickly all these disappear when appetite and digestion are restored.

Laxative medicines only irritates the already irritated stomach and bowels and have no effect upon actual digestion of food.

The sensible course to follow is to make use of simple natural digestives like Stuart's Dyspepsia Tablets after meals until the stomach has a chance to recuperate.

The natural digestives which every healthy stomach contains are peptones, diastase and Hydrochloric, and lactic acids and when any of them are lacking the trouble begins. The reason Stuart's Dyspepsia Tablets are so valuable and successful in curing stomach troubles is because they contain, in a pleasant concentrated form, all these absolutely necessary essentials for perfect digestion and assimilation of food.

Henry Kirkpatrick of Lawrence, Mass., says: "Men and women whose occupation precludes an active outdoor life should make it a daily practice to use Stuart's Dyspepsia Tablets after meals. I have done so myself and I know positively that I owe my present health and vigor to their daily use."

"From the time I was 22, when I graduated from school with broken health from overwork, until I was 34, I scarcely knew what it was to be free from stomach weakness. I had no appetite whatever for breakfast and very little for any other meal."

"I had acidity and heartburn nearly every day, and sometimes was alarmed by irregularity and palpitation of the heart, but all this gradually disappeared after I began using Stuart's Dyspepsia Tablets and I can eat my meals with relish and satisfaction which I had not known since I was a growing boy."

The success and popularity of Stuart's Dyspepsia Tablets is enormous, but it is deserved, and every druggist in the United States, Canada and Great Britain has a good word for this meritorious preparation.

## EXTRAORDINARY ... VALUE ...

That's what we call it and that's what it is, such variety of stylish, well made . . .

### SUITS & OVERCOATS

They please the eye, please the back and please the purse.

**\$10.00 and \$12.00**

It's not a big price to pay for a good article and you'll be astonished at the goodness of the garments we are talking about. They possess character, individuality and quality made in all the fashionable wears and fabrics.

**To Buy Means Satisfaction**

and besides, that's what we want, if we couldn't say that and back it up, we'd be losing our trade instead of steadily increasing.

**A Word About Your Boy's Suit and Overcoat**

We are right at the top on boys' 2 or 3 piece suits and overcoats.

2 piece all wool suits from \$1.50 to - - \$4.00

3 piece suits from \$2.50 to - - \$6.00

Reefer and overcoats, \$1.50 to - - 6.50

## We Are Only Satisfied..

with that which we have until we know that we can get something better; then we want the best, long for it if beyond our means and get it if we can.

### Ziegler Clothes

**Are The Best**

better than any other ready-to-wear clothes in the market, and superior to much that is made-to-measure. The wholesale tailoring processes through which our clothes are put, enable the makers to produce them at a price that is little, if, any, in excess of the cost of the general run of ready-to-wear clothing. The difference in price to the wearer is scarcely worth talking about, but the difference in the satisfaction and service is so immense, that one must indeed be wastefully inclined if he buys any other make of clothing when he can get Ziegler's.

We can only illustrate the truth of our foregoing statement by an ocular demonstration. Let us show you our new Autumn and Winter styles.

**SUITS \$15 to \$28.00  
OVERCOATS 15 to 50.00**

### CHILDREN'S

That's What Bothers Most Parents.

## SHOES

BUT we have solved the problem, as we carry a very large assortment and can properly fit the foot and a shoe well fitted will wear much longer and then our shoes are made of the best stock and material that will give satisfaction.

Our Line of

### Men's & Women's Shoes
